

The National Grief Center
for Children & Families

VIRTUAL PROFESSIONAL SEMINAR | January 29 to February 2, 2024

Join Dougy Center's knowledgeable staff for an opportunity to explore the fundamentals of grief education across the lifespan. While the majority of helping professionals do not have formal grief education, the 2024 Virtual Professional Seminar¹ will provide the tools and information to become grief-informed. Learn with colleagues from around the United States and beyond who support, or plan to support, children and families who are grieving.

LEARN HOW TO:

1. Identify the core principles and tenets of grief-informed practice
2. Develop awareness of personal beliefs, biases, and attitudes about loss and grief
3. Broaden your knowledge base about loss, grief, and developmental considerations of people who are grieving across the lifespan
4. Support individuals who are grieving using grief-informed best practices and resources
5. Practice and incorporate grief-informed language in personal and professional settings
6. Recognize and address the needs of children, teens, young adults, and families who are grieving
